Dr. Parenti is the best dentist I have ever been to He is very professional, kind, and sensitive to his patients needs. He is also very gentle and thorough, always explaining what he will be doing as he does it. In addition, he is very funny! His assistant Donna is also awesome and sensitive to the needs of the patient. Our entire family goes to him and I would recommend him as a dentist in a heartbeat. Great practice!

Dr. Parenti and his staff were wonderful. My first visit was a great experience. They made me feel totally at ease. At the conclusion of my visit, I told Dr. Parenti that I'd never laughed so much in a dentist's chair in my whole life. He's got a great sense of humor and makes what can often be a nerve wracking experience, a pleasant one!

Dr. Parenti & Donna work so well together, it's like a Swiss watch assembly line and I mean that in a very positive way – everyone knew their roll and the process flowed like a watch mechanism. Dr. Parenti's temporary fillings are better than most dentists' permanent fillings! And they responded to my begging and keep the pain factor to near zero! If you got to go to the dentist, this is the place to go. No waiting either! That's amazing!

I am a 40 year old mom of three. I have been going to Dr. Parenti since I was a very small little girl. I only remember one other Dentist during one of my very first dental exams and cleanings working on me. I seriously can not imagine any other Dentist providing services on me! My children and husband love Dr.Parenti its like he is a part of our family. When its time for my children cleanings and exams, we don't say we have to go to the dentist, we say we are going to see Dr. Parenti. He makes the experience very comfortable and personable.

Wonderful dentist! Dr. Parenti has handled our small children with ease over the years. They actually ASK to go to the dentist. The entire family feels comfortable and Dr. Parenti has also handled tricky situations involving crowns, cracked teeth etc. with no problem. There is never a very long wait and they handle our dental insurance as well. Highly recommend.

Dr. Parenti got me in a day after chipping my front tooth -- I thought it might be completely lost, but he was able to work out a way of bonding it and possibly saving the tooth. Dr. Parenti runs an "old school" practice where he takes his time & gets to know his patients. No over scheduling here and no extra x-rays or product pushing - unless you're interested in something extra, it won't be "sold" to you. Make an appointment and you'll be seen at the time chosen. The Doctor will even see you at 7 AM if that's what you want. And if you have an emergency, he'll find time for you. Our entire family has trusted Dr. Parenti for years and we expect to continue to do so for years to come. We could not recommend him more highly.

My only concern? No x-ray was taken and this concerns me because I haven't had one in 2-3 years. Given a lot of old fillings I don't like the idea of waiting until pain or problems set in if something is going wrong. I prefer to nip them in the bud. But, I'm no expert and have had plenty of useless procedures by other docs in the past.....

Doctor Parenti is absolutely one of the best and nicest dentists that I have ever met. You have to give him credit for the hours he keeps. He opens early for people like me and stays open late for those that need to see him after work or kid's activities.

Dr. Parenti is a most dedicated, professional and caring dentist!! He schedules time for one patient only--undoubtedly, a rare occurrence in modern dentistry! Dr. Parenti makes sure that a patient is comfortable while dental concerns are remediated. My experience with Dr. Parenti has been more than positive, as well as for my elderly Mother who has Alzheimer's Disease. Dr. Parenti has always shown great kindness and patience with my Mother, gently and competently addressing her dental issues. Donna, Dr. Parenti's Dental Hygienist and Receptionist, efficiently schedules and follows up on appointments and attends to patient needs in a kindly and efficient manner. Patients are well cared for at Dr. Parenti's office. We highly recommend Dr. Parenti to prospective patients!!

Dr. Parenting is an excellent dentist who's patients are his first priority. He is such an intelligent, dedicated professional who sets an excellent standard for dentistry. He is out of network for my dental plan., and they are always sending me notices that I might be able to save money by switching dentists. That will never happen until he retires.

There are few people in any profession that are as skilled, and such a joy to be around, as Dr. Ben. We feel very lucky to have him as our Dentist. Dr. Ben and Donna are just terrific. Highly Recommend for anyone. My daughter had a fear of Dentists before we found Dr. Ben- and I can remember her astonishment when he filled her first cavity and she didn't even know he had done it. I cracked a tooth on a business trip and reached Dr. Ben at home and he drove in on off hours to stop the excruciating pain I was in. And if you are nice to him I'll bet he can make you laugh the whole time you're in the chair. He is very rare.

I had the distinct pleasure of having Dr. Parenti roto-root all THREE roots in my molar. After watching a video and being briefed on the procedure, Dr. Parenti pleasantly and deftly performed a root canal on my damaged tooth. I'm a happy 10+ year patient in his practice, with two fillings, a crown and now a root canal done in his chair. There are plenty of dentists closer to my Center City home, and my potential father-in-law (a dentist) would do it for free, but I readily drive an hour to West Chester to see Dr. Parenti and Donna.

Dr. Parenti is always patient, kind and caring while delivering excellent quality care. I have recommended him to several families who are equally as impressed and pleased with his practice. He consistently goes above and beyond the call of duty -- I remember that when my kids were young, he allowed them to sit on my lap while they received treatment. The children were at ease and quickly moved on to sitting in the chair by themselves. I also remember my husband rushing back from a family vacation for emergency care. Dr. Parenti came in on a Sunday to take care of the problem. He is an excellent dentist.

I have had many bad experiences over my lifetime with dentist's. I was so afraid I didn't think I would ever go again. I started attending the dental office Dr. Parenti was working in 30 plus years ago and he made me feel so comfortable. When he got his own practice I followed him there. I am no longer afraid of going. My 3 children have gone to him since they were babies. He would sit them in the chair and let them ride it up and back down. He made them so comfortable that by the time they had teeth and needed cleanings and fillings, etc. they were not afraid. My children used to get excited when I said they had a dentist appointment. To this day he remembers my favorite color and still gives me my purple toothbrush!!!!!!

Dr. Parenti just did a six month evaluation and cleaning of my teeth. Unlike other dentists who examine one's teeth and perform a dental service, while moving from room to room, juggling several patients, Dr. Parenti spent 1 hour focused on my teeth,

performed a thorough gum and tooth cleaning while maintaining a caring and professional manner! Thanks, Dr. Parenti!! Many warm wishes to you and your family for a happy new year! I also want to add special thanks to Donna, Dr. Parenti's hygienist and office receptionist. Donna always greets patients in a genuinely warm and caring manner, professionally handles financial matters as well as dental procedures with patients. Thank you,,Donna! Happy New Year to you and your family!

Dr. Parenti is my ideal dentist - laid back, gentle, checks the teeth thoroughly, doesn't do work if not necessary, very fair charges, He is really a family dentist because you will feel at home in his clinic. His staff is also excellent. I travel to his clinic more miles (to another state) than my former dentist, but I don't care. I'm very happy with his service. He is caring, smart and funny, too. You will come out as a happy patient with a beautiful smile. We need more honest dentists like Dr. Parenti.

You could never find a more competent and caring doctor than Dr. Ben Parenti. He focuses on clients as individuals - taking into account all their health concerns in order to recommend and provide the best possible service. His approach is gentle, painless dental procedures and a "table-side" manner you could be comfortable bringing your 2 year old child or your 92 year old parent to. He works with each client according to their needs-- will never force, or suggest, any non-necessary procedure... he listens to his patients. His office is equipped with the latest and best technological devices.. he stays current with all new procedures, research, methods, and consistently works for the betterment of each client. Also, he respects the time frame of his clients -- no long wait times. Best of all -- he is a really good man. Could not get better service.

Knows his patients on more of a personal level than most other doctors care to. Going in for each visit is like visiting with a friend. Excellent dentist and never "nervous" or "worried" when going in for any procedure or routine exam (like some people tend to be with their dentist). For anyone who fears going to their current dental provider, Dr. Parenti is the one to see. Highly recommended for anyone looking for a new dentist or if you have just moved to the area.

Their office is very clean and very well managed (Donna is AWESOME!) Even though I am a former dentist phobic patient, Dr. Parenti has made going to the dentist much easier for me. He is also honest, and would never tell you that you need something if you don't.

Dr. Ben Parenti is an extraordinary physician. He is skilled in the art of dentistry – dedicated to learning (and teaching) new practices and techniques and he possesses a unique ability to see each “client” as a real person. Under his care, you always know that he has YOUR best interest at heart – not his wallet. Dr. Ben takes the time to get to know his patients –because he cares. He listens to your concerns –not just about your teeth but about you –your health. He is knowledgeable about the inter-connections of all health-related issues. In his office, your experience will be a private affair. You won’t sit in a large room with 15 other people awaiting service, you won’t feel rushed, you won’t feel crushed. His expertise, kindness, caring and gentle nature make him the best choice for any client from 2yr. old to 102 . There is no one better!

the dentist for as long as Dr. Parenti has been our dentist - somewhere @ 25 years or so! They are all exemplary professionals in their fields and provide the highest level of quality care!!

I have known DR Parenti since 1998. He is excellent. We have had several emergencies over the years and we never once felt like we couldn't call him. It had been a long time since I had been in for a check up due to loss of job and he made me feel as welcome as always. I would and have recommended him to many. :0)

My family and I have been going to Dr. Parenti for the last 5 years. Dr. Parenti has an awesome bedside manner, is very gentle and skilled, and explains every procedure he will be doing. In addition, after completing any type of major work, he personally calls to make sure that you are feeling ok. It is easy to get an appointment with him and if you have an emergency, he makes every effort to see you as soon as possible. His

office staff is very courteous, professional, and also insure that you get an appointment that best suits your needs. He is a really neat doctor and I highly recommend him as a dentist.

This Dentist's practice is run by true professionals. After they fixed my chipped tooth I could not believe how good it looked, plus they took out other rough edges on other teeth for a total cost of \$185 which included the original check up. I only wish I could give them six stars.
